**The Jewish-
American Sound**

“Spectacular concert! You brought the house down! You instill in the audience a sense of pride about being Jewish in America. Bravo!”

Safam, the Boston based six-man band, has dominated Jewish music in America with their “Jewish-American Sound” since 1974. Often copied, never duplicated, they are originals -- original music, original lyrics, original arrangements -- their songs have become a fabric of our Jewish lives.
